

Community Partnerships

South Australia

Royal Flying Doctor Service

At Beach, we're committed to being an active member in the communities we are part of, and collectively contributing to a more sustainable future. This includes investing in community-led projects that promote resilience, empowerment and positive change in the areas outlined below.

Education

Quality education allows people of all ages to develop personally and professionally, leading to greater employment outcomes and economic development. Beach recognises the importance of education and personal growth in any discipline, but especially those with a keen interest in STEM.

Environment

A healthy and sustainable natural environment allows local communities, economies and businesses to prosper. Beach is committed to understanding and respecting the environment, which includes forging partnerships aimed at protecting and conserving local ecosystems.

Health, safety and wellbeing

Local communities, economies and businesses flourish when people are safe, happy and healthy. Beach invests in initiatives that target community connection and inclusion, along with supporting organisations helping people in times of need.

*Total amount invested: \$137 000 Beach

Below are just a few examples of organisations and projects in South Australia making a difference in the community.

Dieri Artwork Competition

Helping to support this competition which showcases and encourages up and coming artists to enter and get their talent recognised.

Science and Engineering Challenge

Supporting this STEM based initiative where high schools from across the South East have an opportunity to test their knowledge and compete with like minded students to share their interest in STEM sources.

Penola Cultural Association

Supporting an initiative to raise greater awareness about local and polar explorer, John Riddoch Rymill (1905 - 1968), who became recognised for his surveying, exploration and mapping in the Artic Peninsula.

Isolated Childrens' Parents' Association

Supporting the 2025 ICPA Federal Conference held in Adelaide recently, as a platinum sponsor, to support equity of access to education for all students who live in rural and remote Australia.
