

Community Partnerships

New Zealand

Roderique Hope Trust
2025 New Zealand Energy Excellence Awards

At Beach, we're committed to being an active member in the communities we are part of, and collectively contributing to a more sustainable future. This includes investing in community-led projects that promote resilience, empowerment and positive change in the areas outlined below.

Education

Quality education allows people of all ages to develop personally and professionally, leading to greater employment outcomes and economic development. Beach recognises the importance of education and personal growth in any discipline, but especially those with a keen interest in STEM.

Environment

A healthy and sustainable natural environment allows local communities, economies and businesses to prosper. Beach is committed to understanding and respecting the environment, which includes forging partnerships aimed at protecting and conserving local ecosystems.

Health, safety and wellbeing

Local communities, economies and businesses flourish when people are safe, happy and healthy. Beach invests in initiatives that target community connection and inclusion, along with supporting organisations helping people in times of need.

*Total amount invested: \$228,628 (Beach \$217,853 - JV \$10,775)

Below are just a few examples of organisations and projects in New Zealand making a difference in the community.

Taranaki Community Rugby Trust

Beach continued supporting youth health, welfare and safety through community rugby in 2025. Beach also facilitated a meeting and farm tour between the Trust and Ngāti Manuhiakai hapū, strengthening local relationships and shared understanding.

Manaia Primary School

Supporting Energy Skills Aotearoa STEMfest in 2025, where 235 students from 13 Taranaki schools participated. Manaia Primary School received the Beach Energy Kura STEM Support Award, building on Beach's longstanding partnership with the school, supporting outdoor education at Rotokare Scenic Reserve.

Conductive Education

Education for South Taranaki families with children living with physical disability. Funding improves access to specialist, child-focused and whānau-centred support locally, reducing barriers and enabling consistent participation. Beach hosted members of the Conductive team at our Kupe Gas Plant.

Roderique Hope Trust

Our continued longstanding partnership with Roderique Hope Trust, supporting programmes that strengthen community capability, reduce homelessness and help break cycles of poverty. This work was recognised as a finalist in the 2025 New Zealand Energy Excellence Awards community category.
