

Type	Service Name	Current Tariff Effective (01 Jan 2025)
Bass Pakenham Pipeline Services	Interruptible Forward Haul Transport Service	\$0.33/GJ
	Interruptible Back Haul Transport Service	\$0.23/GJ

Review Date = Annually, 1 January each year.

Annual inflation adjustment

Tariff will be adjusted on 1 January of each calendar year (commencing in the year set out in the relevant Commercial Terms Schedule) by multiplying them by the **Escalation Factor** for that year, and the adjusted rates will then apply on and from that date until again adjusted

$$\text{Escalation Factor} = \left(1 + \frac{CPI_a - CPI_b}{CPI_b} \right)$$

where:

- (i) CPI_a means CPI in respect of the September quarter immediately preceding the relevant adjustment date;
- (ii) CPI_b means CPI in respect of the September quarter that is 12 months before the quarter to which CPI_a relates;
- (iii) if CPI_a is less than CPI_b , then $(CPI_a - CPI_b / CPI_b)$ is deemed to be zero; and
- (iv) CPI means the consumer price index (weighted average for 8 capital cities, all groups) published from time to time by the Australian Bureau of Statistics or if that index is suspended or discontinued or if the basis of assessment is changed so that it no longer accurately reflects changes in the prevailing levels of prices substantially in the same manner as it did prior to the change in basis, then an alternative index that reflects movements in the cost of living in all of the capital cities of Australia will be selected by Service Provider and substituted for the relevant index for the period of the suspension or, in the case of a discontinuance of the CPI or a material alteration in its calculation, on a permanent basis and the calculation of the adjustments will be made using such alternative index as though it was the CPI.
